## ABOUT THE EVENT

Magnus Group is buoyant to proclaim the launch of its “5<sup>th</sup> Edition of Euro Global Conference on Pediatrics and Neonatology (EPN 2023)” which will be taking place as a Hybrid Event during August 28-30, 2023 and will work towards increasing awareness about child healthcare and address its challenges.

The global congress will be center on the theme “*Paving the way for little feet through advances in Paediatrics*” and it focuses on uncovering previously unknown information about neonatology, perinatology, and related research.

A child’s health and development are heavily influenced by his or her early years. Children of all abilities, including those with unique health care needs, can grow up in an environment that meets their social, emotional, and educational demands. Advances in technology contribute to a better understanding of disease pathophysiology and better patient care. We have invited famous researchers, scientists, neonatologists, pediatricians, healthcare professionals, academicians, clinicians and industry key players whose research has contributed to huge breakthroughs in recent neonatal and pediatrics field to share their knowledge and research in the field.

“

*Theme: Paving the way for little feet through  
advances in Paediatrics*

”
