

# 7<sup>th</sup> Edition of Euro-Global Conference on Pediatrics and Neonatology

Theme: Enhancing Child Health  
through Neonatal and Pediatric  
Advances

18-20<sup>TH</sup>  
SEPTEMBER  
2025

## Our OCMs

STEVEN M. DONN  
University of Michigan,  
United States

PETER AVERKIOU  
Florida Atlantic University,  
United States

RENEE J. DUFAULT  
Food Ingredient and Health  
Research Institute, United States

CATHERINE FALLET  
BIANCO  
Sainte-Justine University Hospital,  
Canada

JEANNE MAGAGNA  
Great Ormond Street Hospital for  
Children, United Kingdom

HANNA ALONIM  
The Mifne Center for Treatment  
Research and Training, Israel

ZHENHUAN LIU  
Nanhai Affiliated Hospital for  
Women and Children Guangzhou  
University Chinese Medicine, China

## Scientific TOPICS

- Pediatric Nursing
- Neonatal Nursing
- Pediatric Cardiology
- Neonatal Cardiology
- Pediatric Surgery
- Neonatal Surgery
- Pediatric Neurology and Neurological Disorders
- Neonatal Neurology
- Pediatric Obesity
- Child and Adolescent Obesity
- Pediatric Urology and Nephrology
- Neonatal Urology and Nephrology
- Pediatric Genetics
- Neonatal Genetics
- Pediatric Respiratory Diseases and Disorders
- Neonatal Respiratory Diseases and Disorders

## Tentative Program

### Keynote Presentation

**Steven M Donn, University of Michigan, United States**

Title: An overview of high frequency jet ventilation

**Peter Averkiou, Florida Atlantic University, United States**

Title: Early clinical exposure in medical education: The newborn nursery clinical experience

**Renee J Dufault, Food Ingredient and Health Research Institute, United States**

Title: Biomarkers for tracking metabolic changes pre-post nutritional epigenetics diet/ intervention for children with autism and ADHD

**Neil R M Buist, Oregon Health & Science University, United States**

Title: Electronic quantitation of sucking in infants

**Catherine Fallet Bianco, Sainte-Justine University Hospital, Canada**

Title: Impact of congenital heart defects on the developing brain

**Jeanne Magagna, Great Ormond Street Hospital for Children, United Kingdom**

Title: These speaking hands

**Ali Al Kasissi, Orthopedic Hospital Speising, Austria**

Title: Etiology understanding of the anatomical disruption of the craniofacial bones in children is a corner stone for a proper management

**Hanna Alonim, The Mifne Center for Treatment Research and Training, Israel**

Title: ESPASSI© screening tool for the detection of variables associated with the prodrome of autism in early infancy

**Zhenhuan Liu, Nanhai Affiliated Hospital for Women and Children Guangzhou University Chinese Medicine, China**

Title: Scientific evaluate quantification of social and behavioral by scalp acupuncture on children with autism spectrum disorder

### Oral Presentation

**Patricia Vandergrift, Novant Health, United States**

Title: Nourishing the Future: A process improvement project to standardize and enhance feeding strategies for Late Preterm Infants (LPIs)

**Tehreem Fatima, University of Connecticut, United States**

Title: The effects of belinostat and long-term AsiDNA treatment on gene expression in glioblastoma

**Elizabeth Jones, Jackson State University, United States**

Title: Public health prevention recommendations & pediatric surgery trauma case fatality trends by gender and age among pediatric patients-1-9 years old in the United States, 2012-2016

**Rohit Kumar, James Cook Hospital, United Kingdom**

Title: Hot issues about a cool therapy: Beneficence vs non-maleficence

**Navjot Purewal, NHS, United Kingdom**

Title: Our journey to becoming a paediatric training unit: How to support resident doctors in rotational training

**Reshma Vithayathil, Bedford Hospital South Wing, United Kingdom**

Title: A prospective observational study to assess the incidence of emergence delirium in children with sevoflurane for induction and isoflurane for maintenance of anaesthesia

**Pilar Saenz Gonzalez, HUIP La Fe, Spain**

Title 1: A systematic review on the use of artificial intelligence in the neonatal intensive care unit: Far beyond the potential impact

Title 2: Updates and controversies in monitoring oxygenation in NICUs

**Nicola Webster, North West Regional Hospital, Australia**

Title: Exercise and mental health

**Vlad Dima, Filantropia Clinical Hospital, Romania**

Title: Probiotics in NICU – the good, the bad and the ugly

**Nana Suladze, International Dental Centre ISO, Georgia**

Title: Influence of environmental factors on mineralization of dental hard tissues

**Jo Vrancken, PXL University College, Belgium**

Title: Enhancing comfort and success in pediatric nasogastric tube insertion: Findings from a qualitative study

**Irina Ershova & Vladimir Vanesyan, Elizavetinsky Children's Hospice, Russian Federation**

Title: Early integration of palliative care in pediatric oncology

**Hissa A Moammar, King Salman Centre for Disability Research, Saudi Arabia**

Title: A scoping review of excessive prenatal ultrasonography as a potential risk factor for autism

**Furkan Torun, Mudanya University, Turkey**

Title: Do fingerprints reveal the future of children or is it the intersection of dermatological science and health?

**Biljana Vuletic, University of Kragujevac, Serbia**

Title: Newborn jaundice is always a challenge

**Sanja Knezevic, University of Kragujevac Srbija, Serbia**

Title: Is it safe to limit screening for retinopathy of prematurity after 32 gestational weeks?

**Abeer Elhaj, HaEmek Medical Center, Israel**

Title: Small body, big heart

**Furkan Torun, Mudanya University, Turkey**

Title: Do fingerprints reveal the future of children or is it the intersection of dermatological science and health?

**Puja Padbidri, Dr. D Y Patil Medical College, Hospital and Research Center, India**

Title: Parent education on early motor development through a professionally-moderated social media group: A retrospective report

**Namrata Nitin Bagle, UvRoh, India**

Title: Childhood infections and the role of nutrition a global health concern

---

**Mary Anbarasi Johnson, Christian Medical College, India**

Title: Pediatric nutrition and food insecurities

---

**Blerina Saraci, UHC Mother Tereza, Albania**

Title 1: Series of special cases of airway obstruction in pediatric ages as a result of pathological findings

Title 2: Multiparametric ultrasound in pediatric patients, Elastography, CEUS, UGAP

---

**Saphira Ayu Suwantari, Indonesian Pediatrics Society, Indonesia**

Title: Risk factors for intraventricular hemorrhage in preterm infants: A systematic review and meta-analysis

---

**Kristina Dimitrijevic, University Clinic of Pulmonology and Allergology-Skopje, Macedonia, The Former Yugoslav Republic of**

Title: Radiation protection in pediatric radiology

---

**Saroja Weerakoon, University of Colombo, Sri Lanka**

Title: Ayurvedic concepts on genetics and congenital abnormalities in children

---

**Mansoor Aslamzai, Kabul University of Medical Sciences, Afghanistan**

Title 1: Factors associated with respiratory distress syndrome in preterm neonates admitted to a tertiary hospital in kabul city: A retrospective cross-sectional study

Title 2: Evaluation of the factors associated with anemia in neonates admitted to the neonatal unit of maiwand teaching hospital: A cross-sectional study

---

**Aftab Yusuf Raj, Square Multidisciplinary Tertiary Care Hospital, Bangladesh**

Title: Role of human milk oligosaccharides (HMO's) in epigenetic modulation of bacterial pathogens in infants and toddlers

---

**Md Moniruzzaman Mollah, Shaheed Ziaur Rahman Medical College, Bangladesh**

Title: Zinc deficiency has an association with early childhood anemia in rural Bangladesh: An observational study

---

**Mocket A Ehouman, Universite Felix Houphouet-Boigny, Cote d'Ivoire**

Title: Anaemia in 3 months to 6 years old children infected with S. mansoni and intestinal protozoans in the Western region (Tonkpi) of Côte d'Ivoire

---

**Gamal Al Saied, Al Azhar University, Egypt**

Title: Hepatoblastoma in infancy and childhood: Current status

---

**Navid Mirzakhani, Shahid Beheshti University of Medical Sciences, Iran (Islamic Republic of)**

Title: Sensory processing disorder and its effect on children's skills and development in autism disorders, attention deficit hyperactivity disorder and learning disabilities: A review article

---

**Dler Nooruldeen Chalabi, HMU, Iraq**

Title: Corrosive agent ingestion among children

---

**Oral Presentation slots are still Open!!**

---

---

**Lauren Ferretti, Cambridge University Hospitals, United Kingdom**

Title: From paper to digital growth charts in a tertiary NICU: A quality improvement project

---

**Adya Ranjan, Sheffield Children's Hospital, United Kingdom**

Title: Adverse events in paediatric spinal deformity surgery – 12-year review of specialist spinal deformity practice

---

**Navid Mirzakhani, Shahid Beheshti University of Medical Sciences, Iran (Islamic Republic of)**

Title: Sensory processing in infants aged 0-6 months

---

**Mecheri Saida, Mother and Child Hospital of Army, Algeria**

Title 1: Perinatal asphyxia in term newborns, risk factors

Title 2: Neurological and cognitive aspects in down syndrome

---

**K Boudhar, Mother Child Hospital of Army, Algeria**

Title 1: Pneumothorax in the newborn

Title 2: Ventilated newborns with neonatal respiratory distress in a reference neonatal intensive care unit in Algeria

---

***Poster Presentation slots are still Open!!***
